## O U T D O O R . P R O O F

Going to extremes? The **outdoor.cases** from case specialist B&W International were developed for the toughest outdoor employment and were tested under the most extreme conditions. They are designed for temperatures ranging from  $-40^{\circ}\text{C}$  up to  $+80^{\circ}\text{C}$ . **outdoor.cases** are stackable, absolutely watertight (test: descent to depth of 5 meters), dustproof, chemical resistant and corrosion proof. They are also crackproof (test: dropped from a height of 3 meters to

a concrete floor) and virtually indestructible. In short, they are "outdoor proof" and carry an Unlimited Lifetime Guarantee. As for your equipment, it will find all the protection it needs when secured inside an **outdoor.cases** equipped with either a "pluck" sponge insert (SI) or a reconfigurable padded divider system (RPD). Also, with the use of the comfortable carrying strap your **outdoor.cases** is easy to take with you anywhere you need to go... in any kind of weather.

## FEATURES

- watertight, dustproof, airtight
- shock resistant, virtually indestructible
- chemical resistant, corrosion proof
- designed for temperatures ranging from -40 up to +80 °C
- durable rubber o-ring seal
- air pressure compensation valve
- fully customizable interior
- padlock eyelets (larger models)
- made from Ultra High-Impact ABS plastic
- Unlimited Lifetime Guarantee

## ACCESSORIES

### RPD (reconfigurable padded divider)

fully configurable padded partition inserts made of washable, heavy duty nylon fabric with velcro fly attachments. Includes egg crate foam in the lid for full, shock resistant protection.

### SI (sponge insert)

removable pre-cut, cubed "pluck" foam insert enabling precision customization of the case's interior plus egg crate foam in the lid for full, shock resistant protection.

### CS (carrying strap)

sturdy, weather resistant, comfortable strap makes transport of your outdoor.cases a breeze.
