

MODEL NUMBER	DESCRIPTION
LSH-024	Litestak [®] piezoelectric horn sound module, 24VDC
LSH-120	Litestak [®] piezoelectric horn sound module, 120VAC
LSH-240	Litestak [®] piezoelectric horn sound module, 240VAC
LSHLS-024	Homeland security Litestak [®] , incandescent, 24VDC
LSHLS-120	Homeland security Litestak [®] , incandescent, 120VAC
LSHLS-LED-024	Homeland security Litestak [®] , LED, 24VDC
LSHLS-LED-120	Homeland security Litestak [®] , LED, 120VAC
LSL-024A	Litestak [®] light module, 24VDC, amber
LSL-024B	Litestak [®] light module, 24VDC, blue
LSL-024C	Litestak [®] light module, 24VDC, clear
LSL-024G	Litestak [®] light module, 24VDC, green
LSL-024R	Litestak [®] light module, 24VDC, red
LSL-120A	Litestak [®] light module, 120VAC, amber
LSL-120B	Litestak [®] light module, 120VAC, blue
LSL-120C	Litestak [®] light module, 120VAC, clear
LSL-120G	Litestak [®] light module, 120VAC, green
LSL-120R	Litestak [®] light module, 120VAC, red
LSL-240A	Litestak [®] light module, 240VAC, amber
LSL-240B	Litestak [®] light module, 240VAC, blue
LSL-240C	Litestak [®] light module, 240VAC, clear
LSL-240G	Litestak [®] light module, 240VAC, green
LSL-240R	Litestak [®] light module, 240VAC, red
LSLD-024A	Litestak [®] LED light module, 24VDC, amber
LSLD-024B	Litestak [®] LED light module, 24VDC, blue
LSLD-024C	Litestak [®] LED light module, 24VDC, clear
LSLD-024G	Litestak [®] LED light module, 24VDC, green
LSLD-024R	Litestak [®] LED light module, 24VDC, red
LSLD-120A	Litestak [®] LED light module, 120VAC, amber
LSLD-120B	Litestak [®] LED light module, 120VAC, blue
LSLD-120C	Litestak [®] LED light module, 120VAC, clear
LSLD-120G	Litestak [®] LED light module, 120VAC, green
LSLD-120R	Litestak [®] LED light module, 120VAC, red
LSS-024	Litestak [®] sound module, 24VDC
LSS-120	Litestak [®] sound module, 120VAC

Litestak[®] Status Indicator

SHORT SELLING STORY

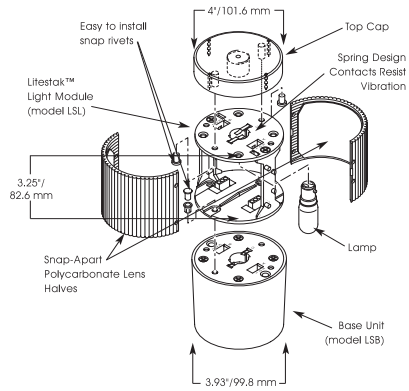

LITESTAK IS A HIGH QUALITY STATUS INDICATOR

- Superior 360° visual signaling
- Large diameter
- Increases productivity
- Process control environments

Litestak

Litestak

- 24VDC, 120VAC and 240VAC
- Impact resistant fresnel lensing in 5 colors— amber, blue, clear, green, and red

- Snap-open lens for quick and easy maintenance and color resequencing
- 2 mounting configurations: two-in-one surface mount and integrated 1/2" pipe mount
- UL and cUL Listed, CSA Certified for indoor use, Type 1 enclosure
- *Sound module available to make this a combo audible/visual signal*

FEATURES

- Best optics available
- Compact and bright
- Multiple mounting configurations, voltages, and colors
- Designed for the industrial market
- Five colors available
- 5-year warranty

BENEFITS

- Brightest status indicators
- High performance in a small package
- Versatile signaling!
- User friendly installation and maintenance
- Signal 5 events
- Peace of mind

APPLICATIONS

- Assembly lines
- Instrument panels
- Work cells
- Process controlled manufacturing

POSSIBLE CUSTOMERS

- OEM
- MRO
- Panel builders

COMPETITIVE ADVANTAGES

- Economy
- Dependability
- Clarity of signal—it's bright!
- Easy color changes
- 5-year warranty
